

Charles Carroll of Homewood and his Descendants

SEPTEMBER 2002

Dear Descendants of Charles Carroll of Homewood,

In this booklet are the names of 1463 descendants of Charles Carroll of Homewood and their spouses. Many of these names were included in the work done by Sister Virgina Geiger in the years leading up to the Carroll Reunion in 1997. Sister Virgina is a professor at the College of Notre Dame in Baltimore, and has done significant research on Carroll family history. Her data was supplemented by research done by the Rev. Frederick Wallace Pyne and included in volume 5 of the *Descendants of the Signers of the Declaration of Independence*, published in 1999.

Subsequent additions were sent to me by many members of the family. Cousins in France, England, Australia, Canada, and all over the United States have been incredibly helpful and have sent me corrections and names of new arrivals.

By wonderful serendipity, one member of the family whose branch we did know existed stopped by Homewood a couple of years ago to see the museum and left a note that he was a descendant. This led to the inclusion of nearly 50 Canadian cousins in the database. We were able to tell his second cousin about her missing relatives, and the two families now share photographs and memories of this generation and past generations. That kind of experience makes working on a genealogy fun and worthwhile.

No doubt exists in my mind that we do not yet know the names and whereabouts of all of Charles Carroll's descendants. We, for instance, have many loose ends in the Mary Sophia Carroll branch. We must have 75 missing relatives among Frederick Rich's numerous descendants, and we do not know much about the Bent and the Bowie families. If you have any clues, please let me know. As you send me information, I will add it to the database.

I would be happy to send you information that I have in the database. My address is 2003 Bedford Lane, Alexandria, Virginia 22307. My telephone number is 703/768-6590, and my e-mail address is marycarrollpotte@cs.com. I am grateful to my daughter, Mary Lee Carroll Potter, who is a computer whiz and has helped me format the printed form of the genealogy. Neither of us, however, is a professional genealogist.

I hope you will visit our ancestor's house, Homewood, when you are in Baltimore. Charles Carroll began building it in 1801, and it now is considered one of the great houses in Maryland and is a National Historic Landmark. It is on the main campus, called Homewood, of Johns Hopkins University. The telephone number is 410/516-5589. If you have books or furniture or paintings that you think may once have been in the house, please let the curator know so that she can add the information to the inventory database. This helps her make accurate choices for additional purchases to the museum.

Best wishes,

Mary-Carroll Potter

INSTRUCTIONS ON HOW TO USE THE GENEALOGY

The genealogy of 1463 names is divided into a section for each of Charles Carroll's five children who had descendants. (Two children died in infancy.)

The first section on Charles Carroll of Doughoregan has the 826 names of his descendants and their spouses. The second section on Elizabeth Henrietta has 61 names. The third section on Mary Sophia Carroll has 214 names. The fourth section on Harriet Juliana has 263 names. The fifth section on Louisa Catherine has 99 names.

To find a name, look in the Index. At the end of the name is a number that represents a page number. Go to that page in the genealogy to find the name. (Please note that the sections are numbered continuously, not separately.)

The small italicized number before the surname in the genealogy is the number of generations the person is from the first person in that section. For instance, on page two, Charles Lee Carroll, is in the third generation. His grandfather, Charles Carroll of Doughoregan is in the first generation; his father, John Lee Carroll, is in the second generation.

If you see errors that need to be corrected or have names that should be included, please tell Mary-Carroll Potter, 2003 Bedford Lane, Alexandria, VA. 22307; 703/768-6590;
marycarrollpotte@cs.com. The basic genealogy database will be updated as new information is received.
